WHO ATTENDS BLACK HAT MEA?

Black Hat is a gathering of highly technical cybersecurity professionals. You learn a great deal by attending, and it's especially inspiring to see so many young people in the Middle East coming to learn and grow in the field.

CHENXI WANG
Founder & General Partner
Rain Capital

CYBER PROFESSIONALS

Security leaders attend to stay ahead of threats, evaluate emerging solutions and build strategies that protect what matters most.

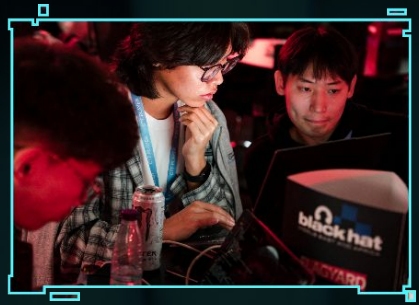

INDUSTRY LEADERS

300+ CISOs and CTOs attend to understand emerging threats, meet technology partners and shape security strategy with regional and global context.

GOVERNMENT REPRESENTATIVES

Government leaders attend to explore national cyber priorities, cross-border collaboration and the technologies protecting digital infrastructure.

INNOVATORS & ETHICAL HACKERS

Researchers, red teamers, founders, developers, 500+ CTF participants and bug bounty hunters come to test ideas, demo tools, compete and connect with technical peers and buyers.

Executive	28%

BH MEA 2025 exceeded my expectations both from a content perspective and an overall experience, it's come such a long way from the first event and it gets better every year!

JAYA BALOO
COO & CISO, Aisle.

INTERNATIONAL ATTENDEES FLYING TO BLACK HAT MEA 2025

black hat MIDDLE EAST AND AFRICA

INSIGHTS THAT MATTER.
CONTENT THAT INSPIRES

Black Hat MEA brings together the people shaping cybersecurity across three days with 200 hours of content.

With 11 content tracks, the programme covers executive leadership, technical research, live demonstrations, industry trends and emerging talent, serving the full cybersecurity community from CISOs and policymakers to practitioners, researchers and future talent.

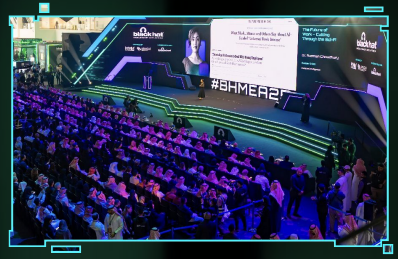

Black Hat MEA delivered an exceptional experience - world-class content, inspiring speakers, and flawless execution. The attention to detail, professionalism, and hospitality set a new standard for global cybersecurity events. It was an honor to participate in a conference that truly brings the community together and showcases the future of cyber innovation.

MARGARITA RIVERA
Global CISO, Carnival Corporation

CONFERENCE OVERVIEW

EXECUTIVE SUMMIT

Hear from over 100 world-class leading experts and innovators who are formulating the next generation information security strategies and systems.

ARSENAL

A showcase of the latest open-source tools and products in an open, conversational, and virtual environment where presenters can interact with the attendees.

CAMPUS

A content-led environment for students and early cyber professionals that will ignite your passion for cybersecurity.

BRIEFINGS

Security experts from around the globe present their ground-breaking research, new-found vulnerabilities, open-source tools, zero-day exploits, and more.

DEEP DIVE

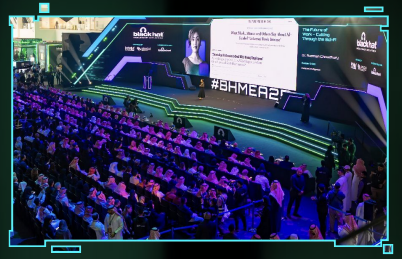

Exclusive sessions led by esteemed CISOs and Summit Speakers covering pressing topics, critical areas, untapped opportunities, and formidable challenges.

WOMEN IN FOCUS

A dedicated spotlight on the women shaping the future of cybersecurity, strategies, amplifying the impact of women in the industry and inspiring the next generation of talent.

CONFERENCE OVERVIEW

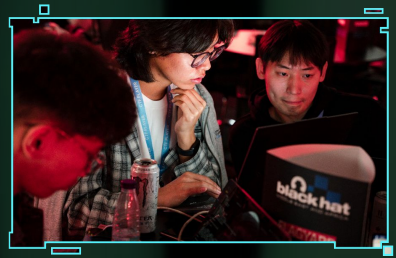

CYBER CAPITAL

An investment-focused track exploring where capital, innovation, and cybersecurity meet - bringing together investors, founders, and leaders.

CARPOOL

Turning the drive to the venue into a rolling conversation. Speakers share the ride and their expertise in unscripted chats on current trends

GAMING & CYBER

A crossover track exploring how cybersecurity, game design, esports, and interactive platforms intersect, and how the gaming industry itself is becoming a critical digital ecosystem to defend.

WORKSHOP

Security experts from around the globe present their ground-breaking research, new-found vulnerabilities, open-source tools, zero-day exploits, and more.

THE BACK ROOM

Part of the Black Hat Files series-live, on-site podcasts recorded on the show floor, featuring candid conversations, frontline cyber insights, and show highlights.

INVESTOR SPOTLIGHT

Black Hat MEA's Investor Program connects global capital with the founders, investors and enablers building the future of digital defence.

50+ Investors

$14B AUM Represented

Black Hat Middle East is no longer just a regional conference - it is a global platform for cybersecurity innovation, leadership, and execution. As a speaker and CyberSeed startup competition judge, I was deeply impressed by the quality of innovation, the ambition of founders, and the speed at which meaningful business conversations turned into action.

ANSHU GUPTA
SVCI

CYBER CAPITAL

An investment-focused track exploring funding, scaling, and M&A in cybersecurity
Day 2 | 12 Speakers | 5 Sessions | 3 Hours

ECOSYSTEM POWER HOUR

Fast-paced networking connecting founders, investors, and enablers for rapid innovation-capital alignment.

INTRODUCING: KINGDOM OF GAMING

This year, Black Hat MEA will be co-located with Kingdom of Gaming, the first event uniting gaming industry and culture in Saudi Arabia's rapidly growing market

TWO WORLDS

KINGDOM OF GAMING

black hat MIDDLE EAST AND AFRICA

ONE DIGITAL FUTURE

CYBERSECURITY IS NO LONGER ADJACENT TO GAMING, IT'S FOUNDATIONAL.

Co-locating with Kingdom of Gaming means:

- Access to the region's most advanced security thinkers
- Shared audiences across cloud, infra, data, and DevSecOps
- A bridge between game development and secure digital economies
- A powerful alignment with national digital ambitions
